In Touch with Tomorrow  
**TOSHIBA**

**Take it from Toshiba.** Now MMX™ technology no longer belongs to the privileged few with the Satellite 230CX it's within everyone's reach. And the Satellite 230CX doesn't just come with a 133 MHz Pentium® processor with MMX™ technology, but with all the options you'll need to make a flying start in mobile computing. There's the modular SelectBay, a 12.1" Advanced DSTN colour screen and a USB port. All the best in Toshiba quality at a price that will leave you open-mouthed on your next visit to a Toshiba dealership.

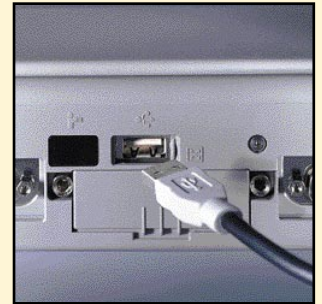

Great pictures for all: the 12.1" Advanced DSTN colour screen offers brilliant contrast and big screen quality.

More flexibility for all: with the Toshiba-SelectBay you can swap CD-ROM and floppy disk drives in seconds. Or you could use a second hard disk or additional battery.

More options for all: The Card Station III gives you the best connections to peripherals and additional PC Card slots.

One connection to all: the Universal Serial Bus (USB) will calm your nerves because every connection's that much simpler.
